SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Coastal Region

Paul's Slide, State Route 1, Monterey County

Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.

- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.

Mud Creek Slide, State Route 1, Monterey County

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- Estimated opening date is 06/01/18.

Pfeiffer Bridge Incident, Monterey County

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.
- Caltrans will continue the process of delivering construction materials and equipment to the site of the demolished bridge on HWY 1 via Nacimiento-Fergusson Road from Hwy 101 on Tuesday, 06/20/17.
- Some equipment will begin moving out one piece at a time throughout the week. These convoys of equipment will be escorted by CHP.
- Effective 07/01/17, there will be a shuttle available until the Pfeiffer Canyon Bridge reopens (estimated reopening date from Caltrans is September 2017) seven days a week, 1200-2000. North shuttle leaves every hour starting at noon. South shuttle leaves every 15 minutes from Loma Vista to Nepenthe. The last shuttle from north to south is at 1700 hours. The last shuttle from south to north is 1900 hours.
- Pfeiffer Big Sur State Park will reopen to the public on 07/01/17 after an 11-month closure due to the Soberanes Fire and winter storms.
- Julia Pfeiffer Burns State Park, Andrew Molera State Park, and Highway 1 at Pfeiffer Canyon Bridge remain closed.

FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 3	Preparedness Level 2	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

Earthstone, Vegetation Fire, Washoe County, NV

Location: Eastside of the City of Sparks

Jurisdiction: State of Nevada

Start Date: 07/03/17 at 1330 hours

Per ICS-209 and the Cal OES Fire Duty Officer (FDO) as of 07/06/17 at 1931 hours:

- 33,700 acres, 30% containment
- Expected containment date: 07/10/17
- Type-3 Incident Management Team assigned
- 1 single residential and 10 minor structures threatened
- Local power lines and historic and current mining sites threatened
- Fire line construction and suppression
- 9 Cal OES Engines assigned
- 6 California Local Government Engines assigned
- 1 Cal OES Fire Rescue Branch Assistant Chief assigned

Fay, Vegetation Fire, Siskiyou County

Location: Hwy 3 x Fay Ln, 7 miles south of Etna

Jurisdiction: State DPA, SRA, Siskiyou Unit

Start Date: 07/05/17 at 1105 hours

Per Cal OES Fire Duty Officer (FDO) and ICS-209 on 07/06/17 at 1747 hours:

- 506 acres, 60% containment
- 1 minor structure destroyed
- Direct line construction, hold and improve depth of existing line
- 2 Local Government Engines assigned
- 6 Water Tenders assigned

FIRE ACTIVITY

Spring, Vegetation Fire, Mariposa County

Location: Hwy 49 x Allred Rd., South of Mariposa

Jurisdiction: State DPA, SRA, Madera-Mariposa-Merced Unit

Start Date: 07/02/17 at 1346 hours

Per ICS-209 and the Cal OES Duty Officers as of 07/06/17 at 1709 hours:

- 225 acres grass and brush, 100% containment
- Expected containment date: 07/06/17
- Type-3 Incident Management Team assigned
- 1 single residential structure damaged
- No spread expected

Auberry, Vegetation Fire, Fresno County

Location: 16246 Auberry Road, 4 miles north of Clovis

Jurisdiction: State DPA, SRA, Fresno-Kings Unit

Start Date: 07/05/17 at 1538 hours

Per Cal OES Fire Duty Officer (FDO) and ICS-209 on 07/06/17 at 0752 hours:

- Unspecified acreage, unspecified containment
- Type-3 Incident Management Team assigned
- 4 Cal OES Engines assigned
- 7 Local Government Engines assigned
- 4 Water Tenders assigned
- 1 Cal OES Fire Rescue Branch Assistant Chief assigned

Winters, Vegetation Fire, Yolo County

Location: Hwy 128 x Pleasant view Rd, 3 miles SW of Winters

Jurisdiction: State DPA, SRA Sonoma-Lake-Napa Unit

Per ICS-209 and the Cal OES Duty Officers as of 07/07/17 at 0507 hours:

- 1,672 acres grass, 18% contained
- Moderate Rate of Spread
- Mandatory evacuations for Positas and Pleasant View Rd.
- Threat to 115 kV power lines
- North Bay Type III IMT on order

FMAG

- On 07/06/17 an Fire Management Assistance Grant (FMAG) application was received and placed on hold.

WEATHER OF CONCERN

Weather of Concern

- High pressure aloft will strengthen through Saturday, bringing dangerous heat to inland areas today and Saturday. Excessive Heat Warnings and Heat Advisories have been issued.

Active Weather Warnings, Watches and Advisories by County:

- http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php - Temporarily unavailable.
- <https://alerts-v2.weather.gov/counties/CA>

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

Strong high pressure will stay parked near the 4-Corners region and low pressure will be in the Gulf of Alaska area for the next 10 days or more. A general S to SW flow pattern over the region will continue with day-to-day changes in temperatures and wind speeds. Thunderstorm chances will be minimal to none through early next week then likely to become more variable as conditions are expected to become more unstable. Coastal areas will see the marine layer become a bit shallow, but still persisting, especially north of Cape Mendocino where low cloudiness or fog will linger.

Another round of such gusty S to W winds may develop Sunday afternoon as a low pressure trough passes to our north.

Temperatures will be 3-5 degrees above normal today then increase to 5-8 degrees above normal today and Saturday as the high pressure strengthens over the region somewhat for a few days. Temperatures will be back off a little to be 3-5 degrees above normal again Sunday into the middle of next week.

SOUTHERN CALIFORNIA

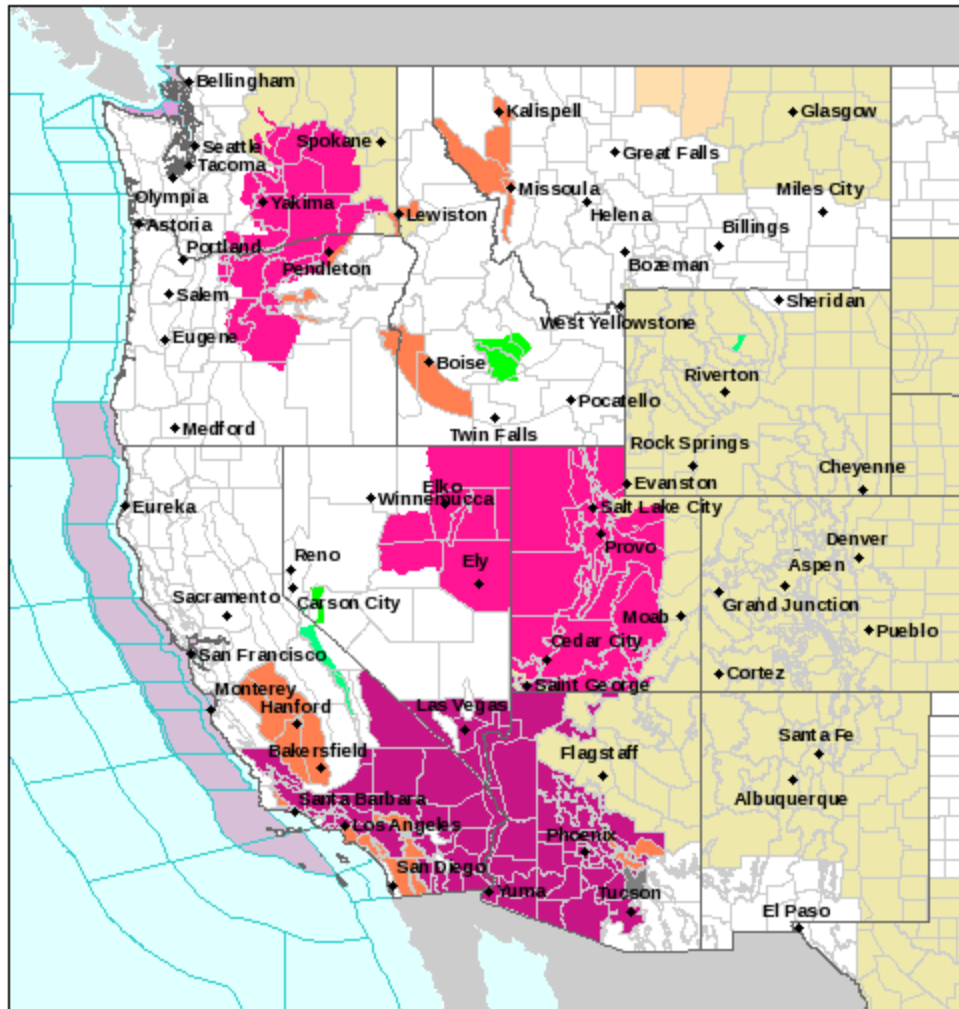

Gusty winds tonight for Santa Barbara County and near the I-5 Corridor

Isolated storms in the San Bernardino, Inyo and Cleveland N.F.'s as well as the Sierras

Hot through the weekend

High pressure centered over the Southwest will move very slowly westward over the next few days. This will result in even warmer temperatures with high ranging from 105 in the valleys to 115-118 in the desert. The westward migration of the high will limit most of the storms to the Sierras, northern deserts as well as the east sides of the Cleveland and San Bernardino National Forest the next 3 days. Since there is very little moisture in the lower atmosphere, a few dry strikes will be possible. But storm coverage will be isolated, at most. Tonight, a northerly pressure gradient will develop which will produce gusty winds in Santa Barbara County and areas near the I-5 Corridor. Expect winds of 10-20 mph with gusts to 35 mph with winds possibly a bit stronger. Very warm temperatures and locally low RH will be possible in these areas both nights. Sunday, a bit more moisture may move into the area, resulting in scattered wet thunderstorms over most of the mountains and deserts. Weak onshore flow may bring a slow cooling trend early next week, but high temperatures will still be above normal. Isolated convection may continue through next Wednesday.

Cal OES LAW ENFORCEMENT MISSIONS

Ongoing Cal OES Law Missions

2017-LAW-36940, 07/05/17, 2305 hours, Tuolumne County Sheriff's Office (TCSO) is requesting SAR mutual aid to assist in the search for an 85 year old female with dementia who walked away from her home on Wednesday, 07/05/17 sometime after 1100 hours. The MP's husband, who returned home at approximately 1800 hours and found her missing, he then immediately called TCSO. The request is for 30 Type III/II Ground Searchers, Overhead Support and 2-3 Trailing Dog teams. All responding resources will be briefed at 0800 hours at the CP, 12765 Mueller Dr., Groveland. Ground Searchers provided as follows: Stanislaus - 4, Calaveras - 2, and Merced - 1. The Cal OES Law Branch K9 coordinator secured 1 Trailing Dog. **Update: 07/06/17, 0600 hours,** Due to the limited response overnight, additional calls were made this morning, Thursday, 07/06/17, to the following: Yosemite, Mono, Alpine, El Dorado, Santa Clara, Alameda, Contra Costa, Solano and Marin County SAR Teams for an immediate response and/or for an Operational Period beginning Friday morning, 07/07/17. **Mission Ongoing**

Cal OES RECOVERY

2017 Statewide Winter Storms

Presidential Major Disaster Declarations for January/February Winter Storms – FEMA-4301-DR-CA, FEMA-4305-DR-CA, & FEMA-4308-DR-CA

- Assistance for emergency work and the repair or replacement of disaster-damaged facilities was approved for the following counties in at least one of the major disaster declaration: Alameda, Alpine, Amador, Butte, Calaveras, Contra Costa, El Dorado, Humboldt, Inyo, Kern, Lake, Lassen, Los Angeles, Marin, Mendocino, Merced, Mono, Monterey, Napa, Nevada, Orange, Placer, Plumas, Riverside, Sacramento, San Benito, San Diego, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Tuolumne, Yolo, and Yuba and the Tule River Tribe in Tulare County.

EMAC and Public Assistance - 2017 Winter Storms

- Cal OES Recovery Division identified the need for Public Assistance subject matter experts to assist with the aftermath of the 2017 Severe Winter Storms. Accordingly, Cal OES requested assistance from other states through the Emergency Management Assistance Compact (EMAC) - the Nation's mutual-aid system. New Jersey and Colorado provided personnel that arrived on Monday, 06/13/17. Both states along with other potential states will be providing support between now and the beginning of September at various Joint Field Offices throughout California. The goal is to assist those impacted counties in identifying disaster related damage and program eligibility.
- See Cal OES Mission Tasking slide for Mission Tasking information.

Cal OES MISSION TASKING

Cal OES Missions

- **2017-SOC-36209:** Two Public Assistance Coordinators from the state of New Jersey have been assigned to California through the Emergency Management Assistance Compact (EMAC) system
- **2017-Cal OES-35819:** Twelve Caltrans engineers requested to conduct damage and site inspections throughout the state for impacts related to 2017 February Winter Storms. The lead engineer will report to the Joint Field Office to coordinate the response.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
